DIRECTIONS

These quick prep candy counting puzzles can be used in a variety of ways.

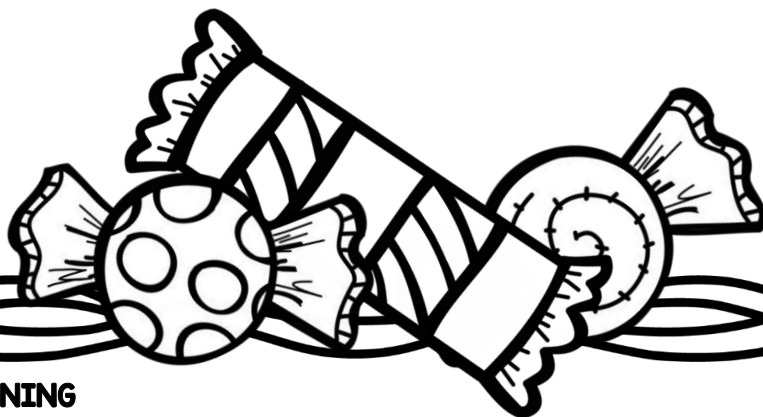

They work great as:

- Math center options
- Small group activities
- Take home games
- Options for fast finishers

Keep it super simple and have kids **match the puzzles**.

Or add in **manipulatives** to extend the activity. You can use candy mini erasers, real candy, play dough, pom poms, or buttons to represent the candy.

Once kids have matched the puzzles they can add in the chosen manipulative to work on one-to-one correspondence and creating sets.
